

### **BATAAN PAROLE AND PROBATION OFFICE**

#### **SHORT BIOGRAPHY AND SUMMARY OF ACCOMPLISHMENTS**

*“In the Shadow of the Fall, Bataan PPO Stood Tall”.* The **Bataan Parole and Probation Office**, led by CPPO Frances O. Cabuquit, together with Sr. PPO Karla A. Alfonso, PPO II Romielyn T. Salazar and PPO II Reimond C. Agana stands as a Pillar of Strength and Service, embodying resilience and unwavering commitment to service. Surrounded by lush mountains and the serene waters of the peninsula, Bataan PPO rises amid adversity, steadfast in its dedication to giving second chances and rebuilding lives.

One of the key factors that has made the Bataan PPO's work easier and more effective has been the unwavering support from the local government and various partner agencies. Their collaboration and magnanimous contributions have been instrumental in successfully carrying out the office's rehabilitation programs, providing much-needed resources, and ensuring the continued success of the office's initiatives. Bataan PPO's "Adopt the Bahay Puso Program" (Bahay Puso Apostolate Foundation) is a benchmark program and stands as the office's cornerstone initiative. The program fosters a deep sense of compassion and support for the elderly, strengthening the bond between the PPO and the Foundation. Bataan PPO successfully collaborated with the Department of Labor and Employment (DOLE) and secured slots for its clients under the DOLE Integrated Livelihood Program (DILP). The program has not only improved their financial standing but also fostered a sense of responsibility, self-reliance and reintegration into the community.
